Color cells red where less than 70% of the students were successful.

The reports show assessments from grades KG through present that a student could have potentially completed. Green shows students who have taken the exam; red shows those who have not.

Grade completion definitions are referenced below the report for grades 9-12.

Grade Completion Definitions	
Name	Definition
Credit Accumulation	Will the student have accumulated 22 credits if they pass all of their current classes?
Satisfactory Assessments	Did the student pass all of their last years state accountability tests?
Disciplinary Actions	Does the student have a clean disciplinary record?
Attendance	Normalized, unit-less number - not currently used in predicted analysis. We are currently analyzing the empirical data collected to determine if predicted analysis can be fine-tuned based on student's actual attendance records.
Predicted Grade Completion	Does the student have a medium probability of graduation?
